

OUR MISSION

Lake Toxaway Charities' mission is to support the charities, medical outreach, and educators who work with and minister to the abused, disabled, indigent, and those with special needs in Transylvania County.

The organizations receiving money are visited periodically by the Lake Toxaway Charities Committee to review their mission, management, and financial requirements.

Importantly, 100% of your donation is distributed to the recipient organizations. The only expenses are printing and mailing, and are covered by endowment interest income.
