

**Please read all information before completing the application.**

- Application must be completed and signed by the Property Owner.
- Proof of State Registration must be on file at the LTCA office in order to receive a power boat decal. By signing below, owner agrees to maintain vessel registration at all times.
- Proof of Liability Insurance with minimum coverage of \$100,000 must be on file with LTCA office in order to receive a power boat decal. By signing below, owner agrees to maintain required insurance at all times.
- If registration or proof of insurance do not designate the length of the vessel AND the horsepower of the engine, additional documentation will be required to confirm compliance. Owner must notify LTCA of changes to HP or length.
- By signing this, boat owners and operators agree to comply with all North Carolina boating laws and regulations.
- Property owner's account must be paid in full before boat decal application will be processed.
- Unlimited non-power boats are allowed by property owners but must have a current decal affixed.
- Members in good standing with the LTCA are eligible for boat decals in accordance with Article 3.1 of the LTCA Bylaws.

**Boat Decal Applicants Must Sign that they have read and agree to the following:**

**9.0 Permissible Boats on Lake Toxaway and Lake Cardinal**

- 9.1 On Lake Toxaway, internal combustion engine powered boats are limited to new and replacement boats up to 25 ft. Length overall (LOA). Maximum horsepower for new and replacement engines is 300 HP per boat for inboard, boat, 300 HP for stern drive per boat and 150 HP for outboard per boat.
- 9.2 Any boat that does not comply with either the LOA or the engine size and which had not been issued a 2018 or earlier decal will not be permitted on Lake Toxaway. Boats which had been issued a decal in 2018 or earlier will be deemed non-compliant. For tracking purposes, these boats will be registered as non-compliant.
- 9.3 Non-internal combustion engine powered boats are limited to 28' LOA with the exception of the Greystone tour boat, and are limited to a maximum of 10 horsepower.
- 9.4 Prohibited boats and activities on Lake Toxaway include, but not limited to the following:
- Jet powered watercraft of any kind,
  - Seaplanes,
  - Airboats,
  - Hovercraft,
  - Cabin cruisers,
  - Underwater watercraft,
  - Houseboats,
  - Floating docks,
  - Trampolines,
  - Kite skiing and aquaplaning,
  - Hydrofoils,
  - Personal watercraft,
  - Boats with discharge toilets,
  - Deep "V" ocean style hulls,
  - Boats designed specifically to create waves or wakes,
  - Boats without engine covers,
  - Noisy watercraft,
  - Noisy operation.
- 9.5 Wake enhancing devices and designs for boats are a serious concern for Lake Toxaway. A large wake from boats has several detrimental effects:
- It can make the lake very choppy and potentially unsafe or unusable for other users, e.g., canoes, paddle boarders, small boats and water skiers, and
  - Property damage can occur as well as shoreline erosion.
- 9.6 To help manage the enjoyment and safety for everyone on the lake and users of the lake, boats with wake enhancing devices such as but not limited to the following: wedges, plates or other wake enhancing devices will not be allowed on the lake. Boats with built-in ballast systems will be required to disable the systems by means of such as removing fuses, plugging of intake hoses, or removal of weights, hoses or impellers that fill the systems. Boats with wedges, plates or other mechanical devices will be required to remove the wedge or plate, remove the handle for adjusting the plate, disable any electrical control to the plate or put a pin through the device preventing its use. Boats with "fat sacks" or other stand-alone bladder devices will not be allowed to have them in their boat and will be required to remove such device.
- 9.7 Boats for use on Lake Cardinal are limited to canoes, rowboats, sailboats, kayaks and paddle boards whose length does not exceed 15 feet LOA. Motor power is restricted to a single electric motor with a maximum of 3 HP. Pontoon, deck and party boats are not permitted on Lake Cardinal.
- 9.8 Association members are advised to contact the LTCA office prior to purchasing any boat that may be questionable.
